### EMPLOYMENT HISTORY

I worked in commercial centers
and was responsible for many things such as the center's stores, I also work in e-marketing with jeunesse Company since 2019 until now
its accounts and financial transactions,
and the training of new employees

## EDUCATION

### Degree

finished  full stack development Boot Camp
at Coding Dogo at AXSOS Academy   2021 - 2022

finished Html , Css , javascript ,python , java , mern .
And I worked on many small or large projects, and we also acquired many skills that we may need to work, such as working in a team, working pressure and solving problems immediately and effectively ,
The study was very intense, five months straight, and study hours exceeded an 15 hour a day, which enabled me to learn all this

### Degree

Graduated with a Bachelor's
degree in Accounting,    2016 - 2021
IN AL-Najah National University

## TECHNICAL PROJECTS

Bug Tracker: Technical bugs-management
· Utilized jQuery to streamline logic and behavior, and AJAX for partial page reload for a responsive UX
· Designed the wireframe and workflow using Mockplus for collaborative output
· Employed Flask framework for fast implementation of additional features via Jinja2 template such as user
dashboard, varied logic for authorization, and flash messages
